RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

May 28, 2003

Sir:

The following remarks are submitted in response to the restriction requirement dated April 29, 2003 in connection with the above-identified application.

RECEIVED
MAY 29 2003
TECHNICAL CENTER 2800

REMARKS

Claims 1-45 are pending in the present application.

The Examiner has made a restriction requirement between Group I (claims 1-6 and 12-27) drawn to a device, and Group II (claims 7-11 and 28-37) drawn to a method. Applicants respectfully traverse this restriction requirement.

Applicants believe that all claims are properly examinable in the same application without undue burden on the Examiner. However, to comply with the Examiner's requirement, Applicants provisionally elect to prosecute Group II (claims 7-11 and 28-37) directed to a method. Applicants also point out that claims 38-45 presented in the Preliminary Amendment filed March 19, 2003 should also be examined since these claims all depend from now elected independent claim 36. Applicants specifically reserve the right to file a divisional application directed to non-elected claims 1-6 and 12-27.

Applicants respectfully request the Examiner to reconsider the restriction requirement and to consider all pending claims on the merits.

Please charge any fees or credit any overpayment pursuant to 37 C.F.R. §§1.16 or 1.17 to Deposit Account No. 02-2448.

Respectfully submitted,
